June

Welcome to our June Newsletter and hope you are all enjoying the sunshine. We thought it might be good to include in our Newsletters one of the lovely dogs that is searching for a new owner. This month we are featuring Molly who is a very young 10-year-old. Please share our Newsletters with your friends and relatives as she may be perfect for someone they might know. We thank you for your continued support and hope you enjoy reading this Newsletter. Don't forget to follow us on Facebook: www.facebook.com/LRRSE

MOLLY

Sadly, Molly is looking for another forever home as the couple that adopted her find her too strong for them.

Molly was previously in a foster home with another dog, so we know that a careful introduction with a friendly dog works well for her and helps with her separation anxiety.

She does get anxious when left alone and we think this may stem back to her early years when she was crated and left alone for very long periods. Molly just loves affection and would happily sit on your lap if she could! She has also lived with children and has always enjoyed their company.

She will need a very secure home and garden as her middle name is 'Houdini'. She loves her walks and rural country walks are her favourite. She does pull a little on the lead and gets excited when she sees other dogs as she wants to play with them....something that's not always welcomed by the other dogs.

Molly likes to sleep in her bed but beside your bed. She has recently been spayed and had three teeth removed so she is in very good health.

LOLA

Good morning,

A quick update on Lola who became part of family life in September 2024. Lola has settled well, she's an early riser like myself and so by 6am we are off to the local fields for some fun. She does occasionally disappear into the undergrowth/canal/other fields to have an adventure but will come back (in her own time!). Most walks are wet ones, but she isn't keen on the rain. Quite stubborn at times and decides where we are going to walk; she has her favourite and will choose it over any other. Lola eats well, sleeps for hours and turns everything hairy and black with her constant shedding! Occasional zoomies and then collapses into a heap. Love her to bits.

Regards,
Jayne

EROS

I got Eros from you one year ago today. He can be a right scallywag at times and he's soooooo stubborn but he's very affectionate and sweet.

He loves people. Whenever someone visits or even knocks at the door, he's greeting them and wanting belly rubs. He's much better with other dogs now which is a huge step from a year ago.

TULA

Hi, Sue

Nearly a week now with Tula. She has settled in really well. She loves her walks and is so clever. She no longer pulls on an extendable lead and will come back to me when called. If we walk near traffic she now walks to heel on a shorter lead.

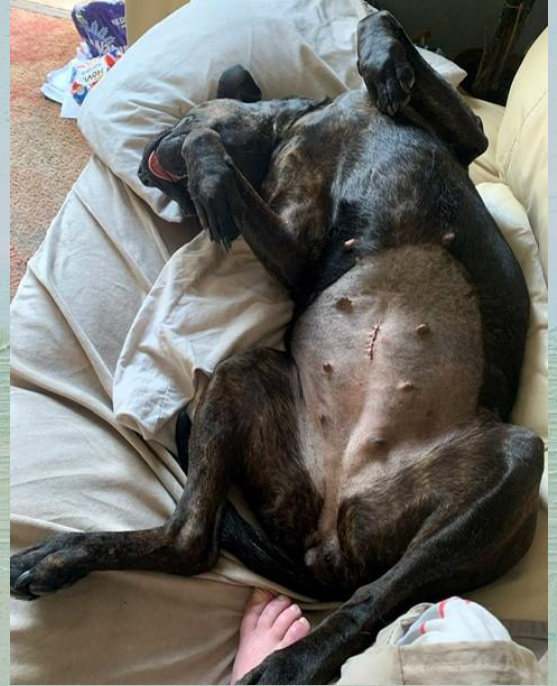

She is good with horses, which we are really happy about. One of our favourite walks starts on a footpath through a field of horses, we couldn't take a previous lab into this field, but now we can!

BUSTER

Hi Louise,

An update on Buster re hydrotherapy progress.

He has taken well to the underwater treadmill and has the routine down to a tee, he waits for harness to be removed, makes his way to the shower and then walks into the treadmill, all probably due to the cream cheese bribery dished out to get him to walk in the treadmill but needs must.

He is still as food driven as ever (after all he is a Labrador) eats anything he can on walks. We have to extra vigilant as he has a penchant for tissues, cow/horse/sheep poo and has been known to eat apples straight off the tree!! He has been on a diet for some time now and has reached the vet prescribed weight of 42kg, so he has a waist, but he is still a big chump with a large chest 😊.

Just back from a week's holiday with loads of walks/exercise. Creative route modification was needed as he sometimes got stuck in the dry-stone wall styles! He loves people but is still a bit unpredictable with other dogs, more so around home than elsewhere.

He has just turned 9 now as is getting the white whiskers of a distinguished older chappy.

Regards,
Andy

DOGGONE, IT'S SUMMER!

Please keep your pets safe this summer.
Dogs don't sweat like humans and
can suffer **HEATSTROKE** far more easily.

Exercise your dog early or late in the day.
All dogs, especially flat faced breeds can
overheat quickly.

Check the temperature of the ground or
sand because if it's too hot to touch,
then it's **TOO HOT** for their **PAWS**.

Provide fresh water daily. Clam shell pools
and doggy ice treats/kongs/home alone
toys are great fun, keeps them cool and
provides mental enrichment.

Leave dogs in a shady area, bearing in
mind the movement of the sun as the
day passes.

Never walk your dog when the
temperature is over 30C (85F), their paws
burn on hot pavement and hot sand.

Never leave your dog in a parked
car on a warm day. Even on a cool
day, the temperature in the car is much
hotter than outside and can lead to
brain damage or death!!

SIGNS OF HEATSTROKE

Muddy pink gums (instead of bright pink), heavy panting with occasional frothing at the mouth,
disorientation, increased heart rate.

What To Do: Remove the pet from the heat source if possible. Increase ventilation (fan) and apply cool water or a
cool towel compress. Do not apply ice, this causes the blood vessels to constrict and takes the dog longer to cool
down. Reapply the cool towels frequently. Offer water to your pet, but don't force it.

Get your pet to the veterinarian quickly.

DUDLEY

Dudley looking and smelling fabulous after a visit to the groomers. It must be a relief to have his nails clipped too; they were very long.

Please Remember Us In Your Will

Charity No 1105955

Including us in your Will is an incredible way of remembering the dogs that have given you so much love and pleasure during your life and continuing to help many other dogs in the future.

We will also care for your dog/s should the need ever arise and writing your wishes into your Will, will ensure that your pet/s continue to be loved and cherished for the rest of their lives.

LRRSE does not have any paid workers, so every penny we receive is spent on saving another dog.

We are only able to carry on our work by receiving donations and legacies. Please remember LRRSE in your Will.
